

RIGHT OF ACCESS BY OTHERS - ITER (December 2013)

In order to ensure the quality and fitness of components and systems procured for ITER, the Company, ITER International Organization (IO), other ITER Domestic Agencies (DA), or authorized representatives of any of these organizations (e.g. inspectors) shall have right of access to Seller's (and any of its subcontractor's) premises to:

- Witness acceptance tests;
- Attend periodic meetings to monitor contract execution;
- Perform reviews, surveillance, inspections, and/or audits;
- Witness any fabrication operations deemed critical by the Company
- Support the U.S. ITER Project Office Communications group by facilitating the filming and photography of United States Contributions to the International ITER Project, whether by hosting Company sponsored film crews/photographers or by providing film and photography footage to the Company. Seller may review any footage or photography to confirm such material is appropriate for public release, with approval not reasonably withheld.

In addition, Notified Bodies (e.g. for pressure equipment) and French Safety Authorities shall have right of access for the components that are safety important under French regulations.

The Seller shall provide all reasonable facilities and assistance for the safety (i.e. Personal Protective Equipment) and convenience of Company, ITER International Organization (IO), other ITER Domestic Agencies (DA), and/or other authorized representatives in the performance of their duties.

Company will coordinate all contact by the IO, other DAs, or their authorized representatives, with the Seller in advance.

Seller shall include this clause in all subcontracts, at any tier, involving the performance of this Agreement.
